
Gotta Love this job!

Hello everyone,

Some of you know me, I'm been a Reserve/Marine Dep with the County now for about 5 years. After working with the notorious "A Squad" in Holland I have decided to go through GRCC's academy and try and get the opportunity to do this job for a living. Hell I don't get paid for it now, so if I could do it and get paid it would be the best job ever!!!

I would love to be on the road every weekend if I wasn't working full time, working the boats, planning a wedding in Illinois, a reception in Michigan, and trying to get ready for all my MCOLE/Academy stuff coming up...

Plus the Holland guys are popular so it's hard to get a spot...
