
2002 27ft Keystone Hornet Travel Trailer Bunkhouse

Posted by Jeremy Baum - 2008/08/06 15:42

We are selling our camper. It has triple bunks in the back, queen bed in front with solid doors that shut off the master bedroom. Furnace/Air Conditioning, full kitchen and bathroom with shower and tub. Any interest get ahold of me. I have many pics of the camper. Also this camper is light enough to be towed by 1/2 ton vehicles.
